What Of Interest Happened in a Day Up and Down the Great Pacific Coast.

FRIDAY, THE THIRTEENTH.

Bad Day for Cupid in Yuba County; Divorce Record Being Broken.

(BY DIRECT WIRE TO THE TIMES.)
MARTINSVILLE, Aug. 13.—(Exclusive Dispatch.) The combination of Friday and the thirteenth proved to be a genuine hoozie for Cupid in Yuba county and the record has been broken in the number of divorce proceedings begun in any one day in the Yuba county courts. One attorney alone started six divorce cases here today and in each case the wife is the one who pleads for freedom. A peculiar coincidence in connection with the cases is that the total number of persons, including the twelve parties to the divorces and one child makes thirteen.

There are a number of attorneys to bear from, but this one has broken the record for divorces cases in this portion of the State.

Declare Wine Trust Has Them at Its Mercy; Anticipate Big Cut in Prices.

(BY DIRECT WIRE TO THE TIMES.)
STOCKTON, Aug. 13.—(Exclusive Dispatch.) Many of the grape growers openly declare that every effort is being made to place them at the mercy of the wine trust of California. Not only will they be forced to accept the prices offered for grapes, but they assert that the big corporation is making a strong move to force the independent vintners out of business by invading their fields and selling wine at lower prices than the independent can produce it.

DELILAH GOES TO BAD BREAK

Charley D. Again Shows He Is Grand Pacer.

Kid Wilkes and Happy Dentist Other Winners.

[BY DIRECT WIRE TO THE TIMES.]

PLEASANTON, Aug. 11.—[Exclusive Dispatch.] One of the best cards that has ever been put on at a California

Charlie D., Kid Wilkes and Happy Dentist proved to be the winners, each taking his event in true race-horse fashion.

The attendance was a record-breaker, the new grand stand being comfortably filled as well as the space outside for buggies and automobiles. The San Francisco Driving Club was

The 1:07 pace, which was the feature event of the day, brought out five starters, and was won by Charlie D., in three straight heats. In the first

beat the horses were sent away with Delilah three lengths in the rear. Ray o' Light and Solano Boy took the lead, with Charlie D. trailing.

At the half-mile Delilah and Charlie D moved up to the leaders, and it

looked like a hard struggle was going to take place, but Delilah made a mistake and broke, putting her hopelessly out of it for that heat. Charlie D. took command at the three-quarter pole, and won easily in the good time of 2:07 3/4, with Solano Boy second and

Josephine third. In the second heat Charlie D. went to the front at the word go, and was never headed. Ray o' Light attempted to set the pace and carry Charlie D., but gave it up at the quarter pole. Solano Box Tullish and Josephine M.

Delilah started to make a runaway of it in the third heat by going away in the lead at a two-minute clip, but

The 1:30 trot was won by H. E. Armstrong's great trotter, Kid Wilkes.

The 2:35 pace was captured by Happy Dentist, in three straight heats, he going into the lead each heat, and although closely pressed by Tom was never headed.

Best Brickett Player.

Rev. J. O'Connor's face looked as though he had stuck it in a sausage grinder when he delivered his lecture at the Temple Auditorium yesterday for treatment. He declared that Lennie Lightfoot had attempted to change his countenance with a brickett while he was standing in a saloon at No. 1728 East Seventh street. At first he declared that the average number of words in a sentence was 17.28, but later admitted that he had had an argument regarding who was the best pinhole player.

BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present published rate of 10 cents per word in the daily issue and 10 cents per word in the Sunday issue. Close calculations covering a period of several months develop the fact that the average number of words to the line are a fraction over seven. This basis for charge, therefore, will prevail after June 1st. Cash "want" advertising has always been calculated by the word, and this regulation will not change the manner of handling. The present "want" ad rate has been in effect, for many years, though the circulation of the paper, now more than 50,000 daily and 100,000 Sundays, has tripled during this period. The paper in the United States, rate considered, compares with the Times in "want" ad service. The Times-Mirror Company.

Remember the slogan: "Buy and Boost Home Products." For daily references, see page 4, Part II, of the Times, containing list of wide-awake manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries here—manufacturers of things to eat and drink—things for the home, for the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

Replies to "The Times Want Ads." addressed to the Times office, No. 211 South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

In a pinch, use Allen's Foot-Ease. The antiseptic powder for tired, aching, swollen feet. Always use it to break in new shoes. All drug stores, 25 cents. Don't accept any substitute.

Notice. Dr. E. E. Bartram of the Pacific Electric building is on a vacation, and has closed his office for two or three months.

Saturday is the day to buy Tan Oxford at A. J. Hamilton & Son, 311 S. Broadway.

Natick House serves best meals; Sunday eve dinner \$5. Hart Bros., Dr. Logan, 415 S. Spring, makes the best fitting eyeglasses in the city.

MERGER FEAST NOW PLANNED.

BOOSTERS FOR CONSOLIDATION TO SIT AT BANQUET.

Campaign Committee Plans Gathering Here of Friends of Movement in San Pedro, Wilmington and Los Angeles — A Popular Excursion Through Harbor May Follow.

As a fitting climax to the great victory that has been won for the consolidation of San Pedro, Wilmington and Los Angeles, Secretary Fleming of the Los Angeles Consolidation Committee made the statement yesterday that plans are under way for a great banquet in this city at an early day, when the "boosters" of the three cities will have an opportunity to get together and talk over the past, at the same time making plans for the future. At first it had been suggested that there be a great radical meeting at San Pedro tonight, but this idea was given up and the proposal now is to call together from 1900 to 1906 of the representative men of the three cities to permit them to express themselves on the situation.

The next immediate move to be made in the consolidation movement will be the calling of the vote on Monday, at the Los Angeles City Hall, of the vote cast at Thursday's election in San Pedro and Los Angeles. The City Council of Los Angeles and the Board of Trustees of San Pedro will sit jointly in the canvass, which will be more formally, The result then will be carried to the Secretary of State at Sacramento. Advice from him that he has received the necessary papers will be the signal that San Pedro is a part of Los Angeles.

By next Wednesday or Thursday it is believed that every legal point will have been covered, and the City Council of Los Angeles will assume direction of affairs in the old harbor city, arranging for the necessary police and fire protection, and in other ways taking over the functions of government.

As an educational measure, it also is planned that a "harbor school" be designated within the next few weeks, on which a big excursion shall be run from Los Angeles to Wilmington and San Pedro.

It is hoped to take several thousand citizens of Los Angeles to the water front on that day and to show them what wonderful possibilities lie in the development of the inner and outer harbors.

Few residents of Los Angeles, it is believed, have any conception of the great opportunity for commercial development that has been created by the movement of these harbors by the United States government, which has expended millions in the building of the breakwater and in dredging of channels for deep-water vessels.

The excursion under consideration would open many eyes to the great possibilities and would make every participant a strong supporter of the first issue of \$2,000,000 in bonds for further development, which contemplates municipal wharves and docks, warehouses and many other accessories for the handling of a great commerce.

RELIGIOUS.

SCOTCH CRITIC SIDETRACKED.

CHURCH FEDERATION LAUGHING AT OWN BLUNDER.

Engagement for Address by "Higher Critic" Called Off—Clivical Club Still in for Complimentary Banquet at Long Beach—Dr. Henry Swetland in New York.

There is a laugh in the air at the expense of the Church Federation of this city.

Notices were recently sent out that an address would be delivered in Immanuel Presbyterian Church next Friday evening by Rev. George Adams Smith of Scotland, now traveling on the Coast.

When the notice was received, a number of presbyters of the "Old Gospel" opened their eyes aghast, for they recognized the advertised speaker as one of the destructive critics of the prophecies, and saw at once that the Church Federation, which prides itself on its orthodoxy, had made a mistake.

A way out of the dilemma was opened by the official board of Immanuel Church, which, in the absence of their pastor, Dr. Hugh K. Walker, sent notice to the federation that they could not open their church to a recognized "higher critic."

The appointment for the address was quietly called off, but a banquet at the Hotel Virginia, Long Beach, where Mr. Adams Smith is to deliver his address, is still on, on the evening of the 19th inst., is still on.

RELIGIOUS BRIEFS.

LOS ANGELES SUITS HIM. Rev. J. Kittridge Wheeler of Philadelphia will fill the pulpit of Dr. J. A. Henry in the First Baptist Church tomorrow. Dr. Henry is in New York, filling an engagement made some time ago, and in a letter received here yesterday he said that he regards himself as foolish to leave Southern California in the summer.

Rev. Dr. William Horace Day is now at Long Pine, and will return home by automobile, following the line of the Los Angeles aqueduct, arriving here on Wednesday. His pulpit in the First Congregational church will be filled tomorrow by Rev. W. B. Thorpe of San Diego.

Rev. Dr. A. C. Dixon of Baltimore will preach in the Auditorium Sunday morning and evening, as substitute for Dr. Wagoner. Reports state that there is little change in the condition of the latter.

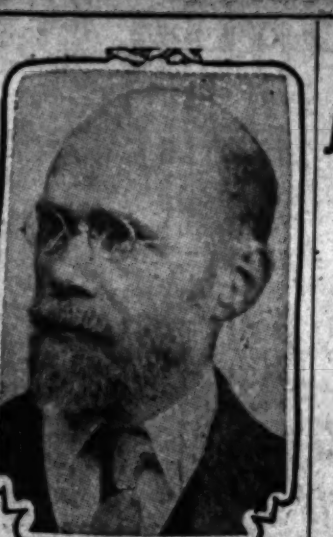

William Logan will speak at the Voluntary Hall on Sunday evening, when the Norman family will sing, and Dr. Hargrove and his son, George, will play.

Evangelist J. B. Holley will speak at the Union Rescue Mission on Sunday evening, and Mr. and Mrs. C. L. Harris will sing.

Britton Ross, the first convert of the City Rescue Mission, and now pastor of the Baptist Church at Thermal, will speak at the mission tonight. Tomorrow afternoon at 4 o'clock, the Rev. E. F. Richard will lecture on the Bible, and in the evening E. E. Leary, superintendent of the mission, will speak.

Rev. L. A. Gould will have charge of the services at the Echo Park branch of the Baptist Church tomorrow morning. In the evening the Rev. Myron Cooley, acting city missionary, will preach.

Rev. Edwin R. Brown, assistant pastor of Temple Church, who will soon leave for his new work in the City of Mexico, will have charge of the mid-week service in Bersen Hall on Wednesday evening.

ON A BOAT

Testifies in Trial.

Across the Bay from San Francisco, a village of Palm Trees and House Trees, a broad Pacific on one side, beautiful San Diego Bay on the other. Boating, fishing, good fishing, with side trips, such as to La Jolla, the place of the mysterious sea cavern, and to Tia Juana, Old Mex.

On the 13th of June, 1908, Lewis married Miss Ethel Hancock, just thirteen hours after he had met her in a park in Minneapolis. The ceremony was performed by Mr. and Mrs. Pope. Three months ago they came to Los Angeles. A short time later, Lewis went East, and when he returned would not find his spouse. He located her three months ago in a small street. He declares that she left his domicile because of the attentions of Mr. Griggs, who had known her in Duluth, Minn.

Griggs and Lewis met downtown that afternoon. The former invited the latter to ride out to the end of a street car line and settle differences. The challenge was not accepted. They again met yesterday (Friday), the 13th. Griggs says Lewis called him names. The latter gave two swift punches in the face. Griggs gave himself up to the police and pleaded guilty to a battery charge in Justice Rose's court. Lewis interrupted the hearing at least thirteen times to urge the justice to put Griggs under the yoke. Each time the court told him to keep still. The defendant was fined \$15.

Mrs. Lewis was in court during the proceedings. When Griggs had paid his fine, she left the courtroom on his arm. Lewis went away by himself, to shake a "tender" if possible.

THE OIL INDUSTRY.
BASTANCHURY WELL IN OIL.
NEARLY THREE YEARS WORK IN COYOTES MAY WIN.

Union Has Showing at Forty-four Hundred Feet in Second Well. New Field—Sixty-five Thousand Barrel Tank Steamers Sails for North from Chile.

The Union has oil in its well on the Bastanchury ranch between the towns of Fullerton and Murphy's Coyotes wells, obtained at 4400 feet. Today the water will be cemented off and the cement allowed to settle, so that it will be some time before it can be known what the well may be good for.

It will be three years in November since the Union began drilling on the ranch. One hole was spudded and a second started, and that has had to be drilled for much of its depth.

If successful, this work will extend the Coyotes belt fully a mile to the west, to the six miles from the old Fullerton Brea Cañon field.

Tank Steamer Coming.
The Union's tank steamship, Pecten, of 45,000 barrels capacity—the largest on the Pacific Coast—left Punta Arenas, Chile, last week, en route for San Francisco. The Oberon, of 30,000 barrels capacity, has not sailed yet, but is expected here by January 1.

WHISKY BROKER'S FATE.

DENAIR WANTS TO GO AHEAD.

Attempt to Settle With the Creditors.

Orange Blossom Litigation May Be Ended.

If Plan Is Accepted Work Will Be Rushed.

An effort is being made to take the Orange Blossom out of the receiver's hands and operate it.

President John Denair has been in Los Angeles for several days on this errand. He has had numerous conferences with creditors and a general meeting of these was held Thursday.

Mr. Denair submitted a proposition to take care of all claims aggregating \$12,000, giving notes with approved security. To this all the creditors agreed, with the exception of Rivers Bros., whose representative was not authorized to act to this extent.

Mr. Denair expects this firm to accept the proposition. After the creditors approved the plan the offer was submitted to Receiver Allen, who is said to favor this settlement, and who is asked to terminate the receivership.

Denair will personally finance development for the next few months, and will put a force at work sinking from the water level at 600 feet, in an endeavor to prove the ore of better value than that found above.

Mr. Denair expresses faith in the ultimate success of Orange Blossom. He says the mill will be started within ninety days from the time the proposition is accepted and he is permitted to resume work.

Work was permitted by the receiver and development from the 600 level was carried on by Denair from the date the proposition was accepted and he is permitted to resume work.

Work was permitted by the receiver and development from the 600 level was carried on by Denair from the date the proposition was accepted and he is permitted to resume work.

Work was permitted by the receiver and development from the 600 level was carried on by Denair from the date the proposition was accepted and he is permitted to resume work.

GETTING AT THE TRUTH.

Coca-Cola People Prove the Perfect Purity of Their Pleasing Product.

Would you take away a woman's character by gossip unless you were sure of what you were talking about?

Have you any more right to attack the character of any article of commerce unless you know actually—not by hearsay, but by actual proof—that it is what you say it is?

Do you realize that when you say or believe and repeat untrue things about such an article you are unwarrantedly robbing the makers of that article of just so much of their credit and honest trade?

Yet people occasionally (not frequently, because most people are properly informed), through ignorance or malice say that Coca-Cola contains cocaine. This is absolutely and unequivocally untrue.

The reports of world-famous chemists, and even of Goddard's expert, have disproved this malicious falsehood time after time. Yet dishonest competitors of the Coca-Cola Company continue to revive it through the medium of sincere but hysterical or totally ignorant people whom they have used as mouthpieces.

Why, it is easily shown how ignorant some of these attacks are made when the mouthpieces speak or write of the beverage as C-O-C-O-A COLA instead of C-O-C-A Cola.

When anyone writes, prints or tells that Coca-Cola is a harmful, debilitating, or dangerous beverage for young or old, you can put it down right then and there as a falsehood arising from wicked maliciousness or absolute ignorance.

If you have an opportunity, tell them to have Coca-Cola analyzed by any honest, competent chemist, then to submit this analysis to any honest, capable physician and get his statement as to the wholesomeness of Coca-Cola.

Then when they've spread these facts before them, tell them they ought to go out into the highways and frankly acknowledge their mistake and then to the Coca-Cola Company for sipping their character.

Just as an example of the many statements the Coca-Cola Company have on file regarding its delicious beverage, we print herewith the following analysis of Coca-Cola:

Lively Presentation of the Day's Interesting Happenings in Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SWIFT FINISH ON THE WIRE.

Pasadena Lighting Plant Employee Killed.

Ontario Lots Taken Off the Realty Market.

Huntington Intends to Make Price Higher.

Office of The Times, No. 21 S. Raymond Ave.

PASADENA, Aug. 14.—John William Claudin, an electrician in the employ of the municipal lighting plant, was electrocuted by an Edison company wire at 4 o'clock yesterday afternoon. The accident happened on the south side of Elizabeth street, four poles west of El Molino avenue. The line carried 2300 volts.

This sudden death is a particularly sad affair, as Claudin was but 34 years old, had been married but two years, and leaves a wife and a 1-year-old boy. Mrs. Claudin was prostrated by the news, which came to her accidentally over the telephone. She is being cared for by her mother, Mrs. Joseph Harrington, and a brother, William A. Harrington. Three brothers of the dead man, Christopher, David and Joseph Claudin, are residents of Pasadena.

The body is at the undertaking establishment of Ives, Warren & Salisbury, where an inquest will be held, probably this afternoon. The funeral will be in charge of the local order of electrical workers, of which Claudin was a member. The young man's life was uninsured except by the provisions of this society, which will pay \$100 to his widow.

Two main points brought out by the fatal accident are that the high voltage wires are but two feet apart, which brings them within a few inches of any pole planted between them, and the fact that Claudin was working without rubber gloves. "There is no question but that the wires were more than two feet apart," said G. A. Pettit, foreman of the crew that was working on Elizabeth street when the accident happened.

Claudin was up the pole and was about ready to tie in the Edison wire to the insulator, when I turned to the woman to get a pair of rubber gloves to throw up to him. He was standing on the wire when I heard the driver (F. F. Meach) cry "Look at that man." I looked, and Claudin was rigid as steel, the wire burning into his forehead. He did not have on climbers, but I shinned up the pole and tried to loosen his arms so that he could get down. Knowing that it would only tumble him as far as the safety strap would allow him, but when his legs stiffened with the shock his arms were driven into the pole so securely that I could not loosen them. Then J. W. Crouch mounted the pole with climbers, and means of a hand line he lowered the body to the ground, slipping the strap down a few inches at a time. I am quite sure Claudin was dead before we reached him. He made no sound.

The Edison company wire are on 25-foot poles and the municipal wires are on 18-foot poles. After the latter were placed the electricians fasten the Edison lines to the city poles by means of a wooden bracket with an insulator in the end of it. Claudin was preparing to "tie in" this wire to the insulator with a piece of wire just a few inches long, when in some way he came in contact with the naked wire, probably first through the fingers of his right hand. The force of the shock drew the wire in until it had crossed the right forearm and directly under the left forearm and across his breast. The pole was green and had not been out of the water very long and the wire clung to the steel spurs of his climbers. His legs were badly burned where the climbers came in contact with them.

The Edison men held themselves blameless and point to the stringent rules and regulations of their company covering the conduct of employees engaged in handling and about electrical apparatus and appliances. "We have not had one death in the last eight years," said Mr. Pearson of the Edison company, "while the municipal plant has already had two deaths in two years."

ONTOARIO OFF MARKET. Henry E. Huntington yesterday notified the William R. Hunt Company that he has taken Ontario Park and additions Nos. 1, 2, 3 and 4 off the realty market until further notice. The tracts include about two hundred acres of slightly land in the vicinity of Ontario Park Junction on the Short Line to Los Angeles.

Huntington gave as a brief reason that he intends to raise valuations in his holdings there, in some cases 100 per cent.

This move will cause considerable comment in Los Angeles markets as well as among local lenders, and is in line with the unbounded confidence Huntington has always had in the future of Los Angeles and its environs. In this connection, commenters on Pasadena, say, Alhambra, have waited on Huntington in an endeavor to secure a cross-country electric line from Alhambra to Pasadena and it is claimed that it will be carried through.

TOUCHER HAND AND FLEES. The mysterious burglar attempted to enter the residence of Mr. and Mrs. Frank W. Elliott of No. 1235 Sunset avenue at 2 o'clock yesterday morning. He succeeded in removing a screen from the window of a bedroom and laid it quietly on the lawn.

Stealthily the man pulled himself up the window sill and groped his way into the room. The bed was placed near the window, and as the burglar reached forward his hand touched the head of Mrs. Elliott as it hung over the edge of the bed. Without waiting to see whether he had awakened any one, the man fled in terror, the unlocked-for surprise. Mrs. Elliott awoke her husband and told him that a burglar was in the room.

WOLVES RETURN. J. H. Holmes, former manager of Hotel Green and present owner of a long-term lease and option on the Hotel Rafael at San Rafael, returned to Pasadena yesterday. He has formed a stock company in the latter venture, has sold a one-third interest and installed a resident manager. Holmes is reluctant about his future plans as regards Pasadena. He will open his home here and return in two weeks after another visit to the North, to

DELEGATES THRILLED AT LONG BEACH CONVENTION.

Fullerton Man Proposes to Give Five Thousand Dollars for Fund for Educating Young Men for the Ministry on Condition That an Equal Sum Be Also Contributed.

LONG BEACH, Aug. 13.—C. C. Chapman, president of the Christian assembly, thrilled the delegates this morning with an offer of a donation of \$5000, if the members will duplicate the amount. His proposition was at the second session of the convention.

The subject under discussion was "Men for the Ministry," and a symposium was being conducted by Dr. H. H. Guy, dean of Berkeley Bible Seminary. A number of preachers had spoken, telling of the difficulties young men have in equipping themselves for the ministry as a life calling, when President Chapman, who had been an interested listener, suddenly stopped the discussion momentarily, and said: "I have a proposition to make to the delegates of Southern California and Arizona. If you will duplicate the amount I will give \$5000 to a fund to be used in educating young men for the ministry."

His proposition was at once accepted by the unanimous vote of the convention, and a committee was appointed, consisting of Rev. E. K. Phillips of Ontario, Rev. J. L. Stevens of Los Angeles and Rev. W. H. Martin of Whittier, to enlist the churches in raising their part of the money.

Mr. Chapman for seven years has been president of the assembly, and last year was elected State president of the International Sunday School association. Although a minister, he is a successful orange grower of Fullerton, and has other business interests that make him as prominent in commercial as in church life.

At the assembly this morning, Rev. W. E. Crabtree spoke on "Thomas Campbell and the Declaration and Address of the Southern Baptist Convention," and a committee was appointed, consisting of Rev. E. K. Phillips of Ontario, Rev. J. L. Stevens of Los Angeles and Rev. W. H. Martin of Whittier, to enlist the churches in raising their part of the money.

LIBRARY ROW QUITE LIVELY.

OFFICIAL OF REDONDO BEACH QUITS OFFICE.

Asserts That President of Board is Unfit to Have Jurisdiction Over Mrs. Allison's Resignation as Accepted—Dr. Burdette's Condition Unchanged.

REDONDO BEACH, Aug. 13.—A squabble at the public library last resulted in the resignation of Mrs. N. F. Allison, the librarian. She contended that C. J. Creller, president of the library board, was unfit to have jurisdiction over Mrs. Allison's resignation as accepted—Dr. Burdette's condition unchanged.

Mr. Chapman for seven years has been president of the assembly, and last year was elected State president of the International Sunday School association. Although a minister, he is a successful orange grower of Fullerton, and has other business interests that make him as prominent in commercial as in church life.

At the assembly this morning, Rev. W. E. Crabtree spoke on "Thomas Campbell and the Declaration and Address of the Southern Baptist Convention," and a committee was appointed, consisting of Rev. E. K. Phillips of Ontario, Rev. J. L. Stevens of Los Angeles and Rev. W. H. Martin of Whittier, to enlist the churches in raising their part of the money.

LIBRARY ROW QUITE LIVELY.

OFFICIAL OF REDONDO BEACH QUITS OFFICE.

Asserts That President of Board is Unfit to Have Jurisdiction Over Mrs. Allison's Resignation as Accepted—Dr. Burdette's Condition Unchanged.

REDONDO BEACH, Aug. 13.—A squabble at the public library last resulted in the resignation of Mrs. N. F. Allison, the librarian. She contended that C. J. Creller, president of the library board, was unfit to have jurisdiction over Mrs. Allison's resignation as accepted—Dr. Burdette's condition unchanged.

The subject under discussion was "Men for the Ministry," and a symposium was being conducted by Dr. H. H. Guy, dean of Berkeley Bible Seminary. A number of preachers had spoken, telling of the difficulties young men have in equipping themselves for the ministry as a life calling, when President Chapman, who had been an interested listener, suddenly stopped the discussion momentarily, and said: "I have a proposition to make to the delegates of Southern California and Arizona. If you will duplicate the amount I will give \$5000 to a fund to be used in educating young men for the ministry."

His proposition was at once accepted by the unanimous vote of the convention, and a committee was appointed, consisting of Rev. E. K. Phillips of Ontario, Rev. J. L. Stevens of Los Angeles and Rev. W. H. Martin of Whittier, to enlist the churches in raising their part of the money.

INVESTIGATES SHOOTING.

District Attorney of San Diego County Inquires Into Wounding of Old Soldier.

ESCONDIDO, Aug. 13.—By direction of the District Attorney's office an investigation is being made by City Marshal Stiles of the shooting of P. H. Stuart, a member of the Soldiers' Home at Santee, Stuart, who was away on a month's furlough, was found at Valley Center, twelve miles north of Escondido, Tuesday night, suffering from a gunshot wound in his left foot. He says he sat down on a log pile to rest and that some one from the vicinity of the log pile shot at him. Afterward a man, who said he was employed on a bee ranch, came along and said that when he fired he thought he was shooting at a coyote. Stuart was brought to this city, where some of the pellets were extracted, and yesterday afternoon he was taken to the County Hospital in San Diego. Both Adams and the bee man declared to Stiles that there was no shooting on the premises.

S. Carter Smith, keeper of the general store at Bernardo, six miles south of Escondido, has been fined \$500 for selling liquor without a license.

He advises that the Legislative Committee should place the control of the Pure Food and Drug Act in the hands of the State Pharmaceutical Commission, instead of the Board of Health, and also for more drastic regulations governing the licensing of pharmacists.

The question of licensing graduates of pharmaceutical schools, and others, who have not had a practical experience before taking their examination for the State Board of Pharmacy, was discussed at some length by Prof. Seary, dean of the California College of Pharmacy, and C. R. Wheldon, secretary of the Board of Pharmacy. Examinations may be made harder.

The meeting adjourned at 4 o'clock and the members and their wives boarded cars for Redondo Beach, where they were the guests of the Los Angeles Retail Druggists Association. A luncheon was served at the Dolphin, which was followed by a dance in the pavilion.

The meeting this morning several interesting papers will be read; at the afternoon session the officers for next year will be elected and the plan of the meeting will be discussed. The Legislative Committee will make a report and several interesting matters will be discussed. The meeting will be held at the Dolphin, which is a new addition to the city.

ENGINEERS WANTED.

Fifth, that the position assumed and the action taken by the Advisory Committee throughout the controversy is worthy of the highest commendation—they have proved themselves faithful guardians of the public trust, committed to them by the Board of Supervisors, who have repudiated the purposes and objects of their appointment; and this committee especially commends the declaration of the Advisory Committee made in its last communication to the Board of Supervisors, that, although practically stripped by the action of the board of its proper function, as an Advisory Committee, it still recognizes the duties to the public which it assumed upon its appointment, and so far as in its power lies will continue to watch over and conserve the public interests. Therefore, we would suggest that the Advisory Committee take immediate steps to employ the necessary engineers and assistants to act for them in overlooking the contracts made and work done in building the road as outlined by the Highway Commission; such engineers and assistants to report to the Advisory Committee and they to advise the general public when in their opinion work is being done other than for the best interests of the people.

should be attempted in October around the time that prices cotton would come here in large volume, as Georgia and the Carolinas are already offering cotton quite freely for October and November shipment. The spot market was comparatively quiet, although there were reports of a few sales for continental European accounts and New England mills took the balance.

Man & Bryan's letter follows: "Friday, October 1, 1864. Dear Sir, I have the honor to acknowledge the receipt of your letter of the 29th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully, your obedient servant, J. M. Man & Bryan."
